

PHASE III

Phase III of the Initiation Manual is designed to assist coaches in developing practice plans for the first three months of a child's second year in the Initiation Program. Each lesson plan should be repeated 2-4 times. A logical progression is as follows for the months of October, November, and December:

Lesson 17	Lesson 17	Lesson 18	Lesson 19	Lesson 18	Lesson 19
Lesson 20	Lesson 18	Lesson 19	Lesson 20	Lesson 21	Lesson 20
Lesson 21	Lesson 22	Lesson 21	Lesson 22	Lesson 23	Lesson 22
Lesson 23	Lesson 24	Lesson 23	Lesson 24	Lesson 23	Lesson 24

*The numbers found after each skill in the drill description are referenced from the Skills of Gold DVD. The first number represents the disc, the second represents the chapter and the third represents the skill in the DVD.

Respect

Wear it on the ice and off the ice.

From the pond to the pros, success in hockey begins with respect. Players who respect themselves, teammates, opponents, coaches, trainers, game officials, administrators, parents and fans develop winning attitudes both on and off the ice.

Players skate anywhere on ice. Coaches are "it" and try to tag players. If tagged, players must go to the "Skill Doctor" at the referee's circle who assigns a skill task which player performs before returning to the game. Suggested skill tasks: balance on one foot, jumping on one foot, 360's, crossovers - three quick, lateral crossovers.

20 MIN SKILL STATIONS #1

1. V-START - TIGHT TURNS (1.3.02/1.6.02)

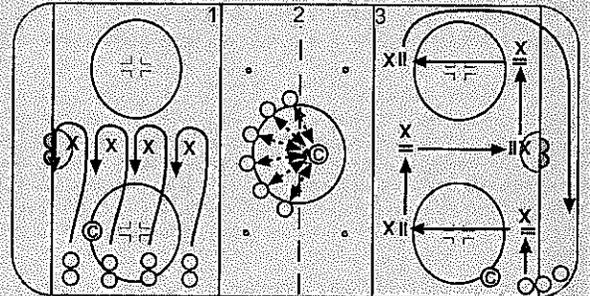

Review key points of front start and demonstrate while stationary for organization. Players in basic stance. On signal they practice opening skates into a "V" position by toeing outwards. Try to open as far as possible. Players partner off. Place pylons 1/2 way across ice - 1 pylon for every pair of players. On signal 1st player in each line opens skates into "V" position and takes 4-5 running strides and continues to pylon, executes a tight turn around pylon and returns to partner who then goes. Review form and correct flaws. Continuous drill. Halfway through change direction of turn.

2. FOREHAND PASS AND RECEIVE (2.3.01)

Review key points for receiving pass on forehand. Divide into as many groups as there are coaches. Formation as diagrammed, coach at centre. Coach passes to each player around him. Each player returns the pass. Provide feedback.

3. 1 FOOT STOP (1.3.07)

Review and demonstrate 1 foot stops. Emphasize glide before the stop. Players line up on boards. Each player in turn skates to 1st pylon and executes stop facing direction of next pylon. Next player goes when player in front stops at pylon. Review technique and correct.

20 MIN SKILL STATIONS #2

Line players up in stickhandling position with a puck in front of them. Review and demonstrate puck control - rotation. Have players rotate puck both directions.

3. TAG

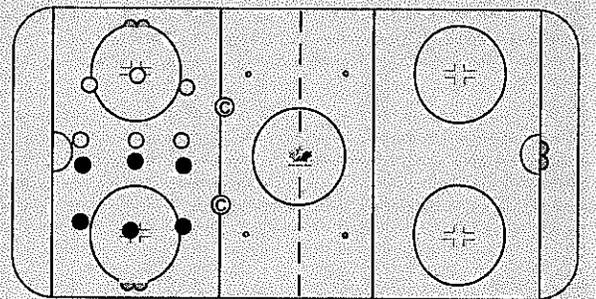

Coach is "it". All players (& coaches) skate backwards at all times. Once tagged a player helps "it". Players carry stick while they are "free", discard stick once they are tagged (so others can tell they are "it"). Last player left wins.

Review form and correct flaws. Continuous drill. Halfway through change direction of turn. Run relay race. Count proper executions of tight turns by each team in time limit (speed helps but proper execution of skill is what counts). Repeat race executing turns the other direction.

10 MIN WARM-UP

WARM UP (2.2.01/2.2.02/2.2.03/2.2.04/2.2.08/2.2.23/2.2.20)

Players skate around ice any direction handling puck. Put out nets for shooting. Have players stickhandle narrow, wide, narrow and wide combination, side-front-side, weave, stick through legs, and toe drag. Encourage players to bounce it off the boards, vary speed, change direction. Scatter pylons to be avoided by players. Each time the player crosses a line they must drop puck into skates and kick back up to stick.

20 MIN SKILL STATIONS #1

1. PIVOTS - FORWARD TO BACKWARD & BACKWARD TO FORWARD (1.6.21)

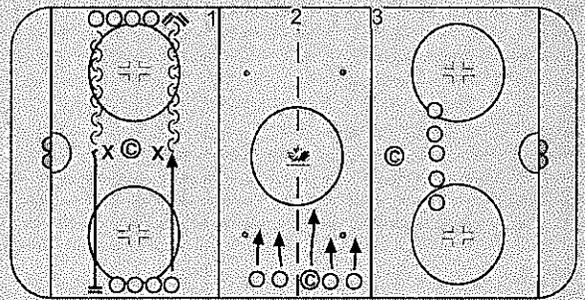

Players perform penguin walk. Stand facing boards. Turn and face opposite boards in one step. Turn again to face original boards in one step. Repeat, turning other direction. (These are pivots, but standing still). Review key points of pivots and demonstrate. Divide into two groups. Groups start as indicated in diagram. Group 1 skates backward to pylon (or paint line) and performs pivot backward to forward. Accelerate out of turn and perform two-foot stop at boards and joins group 2 line. 2nd player can go when 1st is 1/2 way to pylon. Group 2 skates forward to pylon (or paint line) and performs pivot forward to backward. Skates backwards to boards perform V-stop at boards and joins group 1 line. 2nd player can go when 1st reaches pylon.

2. FOLLOW THE LEADER

Challenge the players to do the following things (requires enthusiasm - act surprised when kids accomplish tasks, tell them they can't do the next one): Cross ice gliding on two skates; Cross ice gliding on one skate; Cross ice glide with knee bend; Cross ice and glide on one skate, extend other leg out behind at hip height (the "Airplane"); Cross ice and glide on one skate, extend other leg out in front; Cross ice, glide and touch heels with hands; Cross ice gliding on two skates; Go halfway with skates far apart, other half skates close together; Ride the Broom.

3. STATIONARY STICKHANDLING (2.1.20)

Line players up in stickhandling position with a puck in front of them. Have players stickhandle the puck through their legs.

20 MIN SKILL STATIONS #2

1. OPEN ICE CARRY (2.2.05/2.2.06/2.2.07)

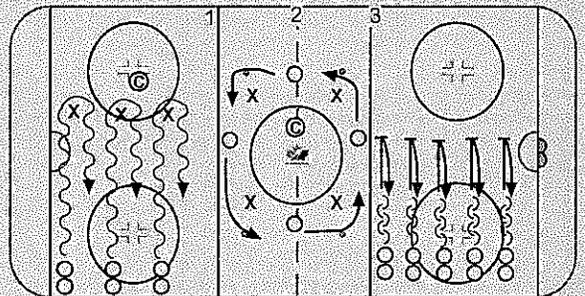

Review and demonstrate key points. Players partner off. Place pylons 20 metres out from boards one for every two players. Player pushes puck slightly ahead of them. Skate out to it and perform open ice carry, pushing puck with bottom edge of stick blade. Players perform tight turn around pylon controlling puck and return using open ice carries. Teams can compete - e.g. how many times team can complete in 2 minutes.

2. CROSSOVERS - FOUR PYLON RACE (1.6.19)

Review key points. Arrange pylons in a square. 4 Players begin at 4 corners of the square. On coaches signal, players race twice around square trying to catch player in front of them.

3. 1 FOOT BACKWARD STOP AND T-PUSH (1.6.20)

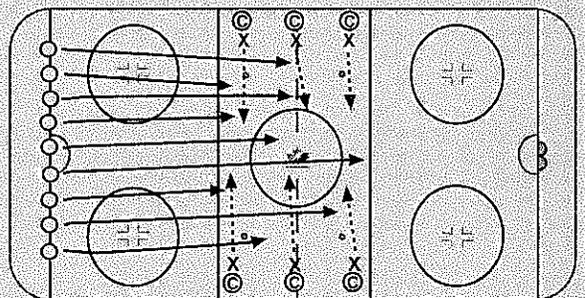

Review key points of basic stance, C-Cut, striding and 1 foot backward stop. Players partner off. Paint a line 1/2 way across ice. On signal 1st player performs C-Cut to start, alternate feet, then push and glide across ice, perform backward 1 foot stop at line. When player stops they should be in T-push position. Immediately push down and out (T-push) to start forward and return to partner. Coaches supervise for proper technique. Run drill as relay. Coach supervises each pair. Team that has most correct executions in 1 minute wins - speed helps but proper technique is more important.

10 MIN FUN GAME

IMPACT PYLONS

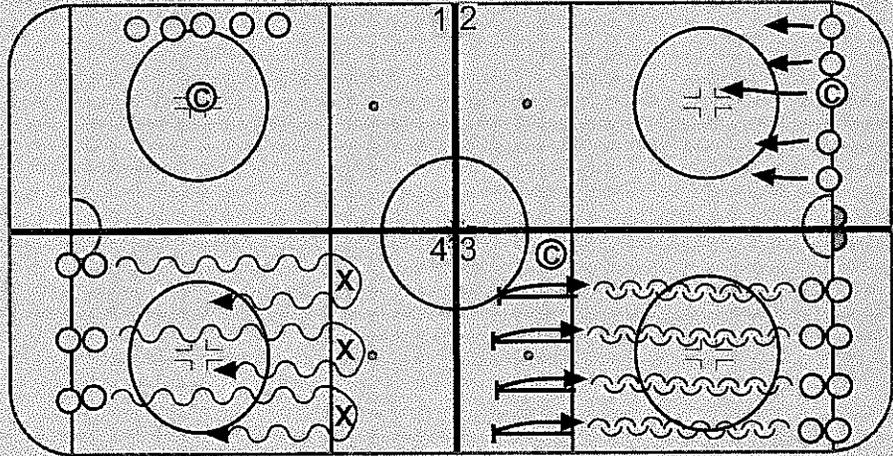

Players start at one end of the ice. Coaches on boards in centre ice zone (both sides). On signal players skate from one end to the other, coaches shoot small pylons at players. Any player hit is eliminated and helps the coaches. Continue until winner declared.
